LARGE CROWDS

Today.

There Will Be Three Addresses

Interesting.

The Episcopal diocese in session at
Grace church is increasing in interest,
and last night several more distinguished

Henderson, who is a guest of Mr.
Muscoe Burnette.

Last night an address was delivered
by Rev. C. E. Rodefer, of Russell-
ville, and it was enjoyed by a large
audience.

Today there has been another business
session at the church, and it was
well attended.

Tonight there will be three addresses.
One will be by Rev. Mason,
another by Bishop Dudley, and Rev.
Cornish, of Louisville, is also down
for one, but had not arrived at noon,
and in all probability will not be here.

Deputies to the general convention
to be held in Washington, beginning
the first Wednesday in October,
1898, were appointed as follows:

CLERICAL.
The Rev. Jas. G. Minnigerode, D.
D., Louisville.
The Rev. Chas. E. Craik, D. D.,
Louisville.
The Rev. Benj. E. Reed, Paducah.

THE SECOND REGIMENT HAS GONE SOUTH.

Washington, May 26.—In an in-
terview this morning with a promi-
nent senator the president outlined
the campaign as follows:

Porto Rico will be taken at once.
For that purpose Admiral Sampson
will bombard and reduce San Juan
and will provide a landing place for
American troops. While the presi-
dent did not say, it is known that
20,000 troops will be sent as an army
of occupation for Porto Rico.

The president also said that the
invasion of Cuba will be pushed en-
ergetically from now on. And it is
hoped to have the island in our pos-
session in a few weeks.

WHERE THEY WILL GO.

Washington, May 26.—The fol-
lowing eventual disposition of troops
has, it is said, been determined upon:
For Cuba, 100,000 men.
For the Philippines, 25,000.
For Porto Rico, 25,000.
For home defense, 10,000.

GEN. BROOKE WILL LEAD.

Washington, May 26.—General
Brooke, will command the expedition
to Porto Rico.

AFTER A TORPEDO BOAT.

Washington, May 26.—Sampson's
scouts are chasing the Spanish torpe-
do boat Terror. The Scouts are the
fleet Yale and Minneapolis; the
Terror left Martinique yesterday. It
is believed that the chase will end
this week by the capture of the Ter-
ror.

FRIGHTENED CANARIES.

Madrid, May 26.—The Canary
Islands are panic stricken over the
report that Sampson's fleet is ex-
pected there in a few days. The
people are fleeing to the interior of
the islands, the harbors are being
mined and the marine lights are all
put out at night.

MORE KENTUCKIANS WANTED.

Washington, May 26.—Kentucky's
quota of the 75,000 volun-
teers called for yesterday will be
2,045. They will be enlisted and
examined as rapidly as it is possible
to do so.

Secretary Alger says that the
additional volunteers will not be
recruited from the National Guard,
but that the enlistment will be open.

SECOND REGIMENT GONE.

Lexington, May 26.—The Second
regiment of Kentucky volunteers,
under Col. Gaither, 1,010 strong,
left here yesterday for Chickamauga.

SITUATION AT MANILA.

Hongkong, May 26.—The Japan-
ese cruiser Akitsushima has arrived
from Manila bearing dispatches from
Admiral Dewey and Consul General
Williams to United States Consul
Wildman.

Manila is in a state of anarchy.
Food is so scarce that beef is \$3 a
pound and potatoes 50 cents a pound.
The people are eating horses.

There are fires daily.
A second barricade of sunken,
schooners has been placed across the
river Pasig.

General Aguinaldo, the insurgent
chief, arrived amid the greatest en-
thusiasm. Admiral Dewey gave him
two field pieces and 500 Mauser
rifles.

A desperate land engagement is ex-
pected this week.

Cavite is being made habitable.
The British and German residents are
moving there from Manila. They
are afraid of the Spanish soldiers
who are unfed.

Consul General Williams is in
charge of all the negotiations with the
Spaniards.

Admiral Dewey is improving the
sanitary condition of Cavite. He has
granted to the British and German
merchants permission to move from
Manila to Cavite, and has ordered
houses to be placed at their disposal.

The Spanish volunteers have threat-
ened to seize the stores because their
demands for arrears for pay has been
refused.

The captain of the Spanish revenue
cutter Callao, which was recently
captured by Dewey's fleet, will be
sent for not returning the fire of the
American vessels.

Admiral Montijo, who commanded
the Spanish fleet destroyed by Dewey,
is to be court-martialed upon the
charge of cowardice.

OUR ARMY.

Washington, May 26.—President
McKinley's call for 75,000 volun-
teers, to serve in the war against
Spain brings the total strength of the
land forces of the United States, regu-
lar and volunteers, up to 280,000
men.

Secretary Alger said yesterday
that the additional volunteers called
for will not be recruited from the
National Guards as were the first
125,000, but that the enlistments
will be open. The call indicates a
determination to press the campaign
vigorously from now on.

Adjutant-General Corbin has pre-
pared a statement showing the
strength of the military forces of the
United States when organized in ac-
cordance with plans now under way:

Regular army, 62,000; volunteers
from states (first call), 125,000 men;
three cavalry regiments at large, 3,
000 men; ten infantry regiments
United States volunteers (immunes),
10,000; engineers at large, 3,500;
volunteers called for yesterday, 75,
000. This makes a total of 278,500
men.

CUBA THE MAIN POINT.

Washington, May 26.—It is be-
lieved here that the Porto Rico ex-
pedition is merely a cover to the
main point which is Cuba. Landings
will be on Cuba next week in half a
dozen places.

Admiral Sampson is now off Ha-
vana ready to begin the bombard-
ment at a moments notice.

PORTO RICO FIRST.

Washington, May 26.—Secretary
Long still denies that the plans for
the Cuban invasion have been com-
pleted. He says that the council of
war has decided that the occupation
of Porto Rico should come first.

CALLED MEETING.

The school board meets tomorrow
night in called session to take up the
school house matter again, and prob-
ably to settle it one way or the
other. Final arrangements will also
be made for the commencement.

MEN OF MODERATE MEANS

Need no longer regard tailor-made clothes with fear and trembling.
Dalton now makes clothes in his own shop, here at home—makes the
clothes right, makes the bill right. It costs but a trifle more to wear
garments that fit than those that a most fit. The acme of style and
workmanship is ours. Drop in at 333 Broadway and see about that
belated spring suit. You'll be glad you waited—t'll cost you so little.

DALTON, THE TAILOR

A GRAVE MISTAKE.

Lord Woolsey Says Untrained
Men Should Not Go to Cuba.

London, May 26.—Lord Woolsey,
the commander-in-chief of the British
army in conversation with an Ameri-
can said:

"The United States would make a
mistake in attempting to invade Cu-
ba with volunteers who are not fully
drilled and disciplined. If that was
done, the United States might expect
heavy reverses when those troops en-
countered the Spanish troops on land.
It would be a grave error to under-
estimate the strength of the adver-
saries of the American troops. I
would regret to see the Americans
even temporarily beaten, as all my
sympathies are with them."

Continuing, Lord Woolsey said:
"It is fortunate for the United States
that this war is not with a first-class
power, for it is evident that in such
an encounter they would be badly
beaten at the beginning, though I believe the Americans able
to defeat any nation in the long run."

NO FEAR NOW.

New York, May 26.—The steam-
ship Altanca sailed for Colon yester-
day. Shipping men believe that
this is good evidence that the Span-
ish fleet which has recently roamed
the Caribbean sea is safely shut up
under the American guns at San-
tiago, and that the Spanish-Ameri-
can line has received advice to this
effect from the government.

THE SITUATION.

Admiral Cervera is still bottled up
in Santiago harbor by Commodore
Schley. It is the purpose of our
fleet to open fire on the batteries
guarding the entrance to the harbor
and silence them. If this does not
draw the enemy out it will at least
enable the American fleet to move
close in shore and perhaps may de-
stroy the mechanism for touching off
the three lines of torpedoes which are
in the harbor.

Admiral Sampson is not before
Santiago. He is on the north coast
of Cuba, ready to convey troops for
the invasion and to bombard Ha-
vana when the attack begins. He is
also in position to protect cities on
the American coast.

Everything indicates an early be-
ginning of the invasion of Cuba in
force.
The Oregon will join the fleet in
front of Havana as soon as she is
coaled and provisioned.

It is believed that the last cable
connection between Cuba and Mad-
rid was cut yesterday.

A dispatch published at Madrid
gives details of the arrival of Ad-
miral Cervera's fleet at Santiago May
19 and shows that he is still in San-
tiago harbor.

The steamships Australia, City of
Peking and City of Sydney sailed
from San Francisco yesterday, car-
rying 2,500 soldiers, the first divi-
sion of the Philippine army of occupa-
tion. The ships are due at Manila
about June 20.

Rear Admiral Dewey has urged
that if riots occur at Manila or if a
bombardment should be necessary,
all the foreigners should assem-
ble immediately in the business
quarter and protection given them
by the marines from the foreign
cruisers. Admiral Dewey has given
notice that he considers Hilo and
Cebu blockaded, and has ordered all
sailing vessels to leave Manila bay.

The Spanish are arming the natives,
but the English think they will use
the weapons against Spain.

The enlistment of 75,000 more
volunteers will require three addi-
tional major generals and about 24
brigadier generals.

The press censor at Key West has
just permitted to pass the news of
last week in Key West. In two days
no less than fifteen battleships,
cruisers and monitors, besides many
smaller warships, put in there and
hurriedly coaled, each sailing as fast
as its bunkers were full, without
waiting for the others. The battle-
ship Iowa was attached to Com-
modore Schley's squadron, which
was ordered to Santiago. Sampson's
destination is unreported. At the
same time all the transports for the
army of invasion lying at Key West
sailed, presumably for Tampa, Mo-
bile and New Orleans.

The Henderson company of the
Third regiment was mustered into
the Federal service at camp Collier
yesterday. Four companies are yet
to be mustered. Gov. Bradley yester-
day presented flags to the Lebanon
Bradley Rifles and the Frankfort
Bradley Guards.

REMEMBERING THE MAINE.

Washington, D. C., May 26.—
Since the war began the Maine disas-
ter, which was its immediate cause,
has rather dropped out of sight, but
there is a little band of women in
this city who have done much to
relieve the sufferings of the survivors
and the families of the men who were
killed in Havana harbor.

This band consists of Mrs. Long,
wife of the secretary of the navy;
Mrs. A. S. Crowninshield, Mrs.
Edwin Stuart, Mrs. Richardson
Clever, Mrs. Charles O'Neil, Mrs.
W. K. Van Reysen, Mrs. Charles
Heywood, Mrs. S. Clamp, and Miss
Benham, daughter of Rear Admiral
Benham, retired.

As a result of their efforts \$27,-
767 has been collected and \$10,000
disbursed. The wounded survivors
were cared for in hospitals and in
advance of the action taken to meet
the expenses of the families of those
killed in the wreck.

It is proposed to continue these
allowments each month as long as the
fund lasts.

HAWAII'S POSITION.

Washington, May 26.—The Philip-
pines expedition is now off in dead
earnest. The sending of these ships
will effect the Hawaiian question
vitality. Like the Charleston the
transports must stop at Hawaii to re-
plenish their coal bunkers from the
great heaps of coal that Consul Gen.
Hayward has been piling up for
months past. If the Hawaiians let
us take this coal without the pretext
that we are using it to make our way
to our nearest home port, as is re-
quired by international law in such
cases, they will stand convicted of a
gross breach of neutrality that in the
eyes of the law of nations allies them
with the United States in hostility to
Spain.

The taking of coal by the Ameri-
can ships at Hawaii to make an ex-
tensive campaign against the Span-
ish possessions it is believed here will
result in compelling the United States
either to assume a protectorate over
the islands or to annex them.

THE ENGLISH DERRY.

London, May 26.—The great
Derby was run at Epsom Downs
yesterday and won by J. W. Lar-
ach's chestnut colt Jeddah.
The Duke of Westminster's
"Batt" was second and the Prince of
Wales' Dunlop third.

Eighteen horses ran. The betting
was 100 to 1 against Jeddah, 10 to 1
against Batt and 100 to 1 against
Dunlop.

PROMINENT MAN HERE.

Industrial Agent of the Illinois
Central in the City.

Mr. George C. Power, of Chicago,
who is industrial agent for the Illi-
nois Central, is in the city today on
business.

He is one of the men whose espe-
cial business it is to secure fac-
ories along the line of the Illinois
Central, and was here last year. He is very
pleased with Paducah, and with the
progress she has made, and especially
of the latest acquisition to the indus-
tries of Paducah, the cordage fac-
tory, which is now in full blast.

Accompanying Mr. Powers is Mr.
Harris, of the firm of Harris & Cole
Bros., Cedar Falls, Ia., who have a
hardwood plant they desire to locate
here, and have been in correspondence
for several weeks with the
mayor. Both gentlemen are pleased
with Paducah, and it is probable that
the big factory will locate here.

This afternoon the mayor had
them out riding, showing them the
prettiest city in Southwest Kentucky.

On Saturday evening, May 28, 8
p. m., at "Commodore Bozeo's

times, and in the enemy's own
country triumphantly hoisted the
stars and stripes.

On this festive occasion THE
BEST OF THE LAND will be
served in befitting style and manner,
and to all loyal subjects of Uncle
Samuel and true followers of the
"Red, White and Blue" who may
desire to participate, partake and
pay tribute to whom tribute is due, a
cordial, sincere invitation is hereby
extended to come, and see, and hear,
the great American eagle scream.

LIEUT. A. S. ROWAN, Nineteenth
United States Infantry, has been
recommended for promotion as Lieu-
tenant-Colonel for arduous, perilous
and valuable services in obtaining
information relative to the situation
of the insurgents in Cuba for the use
of the general government.

THE re-iterated rumors of an alliance
between Spain and France are not in
the least disquieting, even if true.
While it is probable such a condition
may be wished by each party, upon proper consideration, its
danger imperils the project as a paper
argument. The alliance may never be
signed, sealed, etc., but it is as certain
as fate that the sympathies and interests
of the two states is a stronger tie than mere
paper stipulations. The question of
French aid to Spain is beyond doubt,
and although the President, Ministers
of State, etc., refrain from any act
save of highest courtesy and friendship
towards the United States, the bankers
still supply money and the manufacturers
will supply munitions, under the very
noises of a winking government. The
sooner we can provoke France to throw
off her mask of neutrality and friendship,
the better off we shall be and the
sooner the end will be reached.

LINDSAY's speech on the War
Revenue bill was a sound, sensible,
well put, business exposition of mon-
etary affairs at this time. He insists
that the credit of the government

shall not be broken at the com-
mencement of a war which no one
knows the duration of, by the issue
of greenbacks, silver coinage or other
political experiments. His says the
times may become so necessitous
in the future that we shall have to
adopt any and every financial scheme
to keep ships afloat and armies in the
field, and it is time enough to resort
to extreme measures, when necessity
demands them. There is no re-
quirement for novel ideas, as we can
manage our affairs on a solid basis.
The credit of the government must be
kept to its highest point as long as
it is in the power of the people to
hold it there, and "sufficient unto
the day is the evil thereof." When
we cannot do as we would, we shall
then do the best we can.

THE GREATER QUESTION.

Few people care to look over the
dry pages of history—but these old
pages often show a reason or solu-
tion for present difficulties and situa-
tions.

The feudal system with its degrad-
ing influences held full sway over
Europe for over a thousand years,
and the dawn of liberty was shadowed
by old customs and the clouds of
many centuries. It first appeared
in England in 1215, when King
John was forced to give a measure of
freedom to the lords and nobles, and
through them to the people. The
charter granted by him was con-
firmed and extended by all the
subsequent monarchs, until the
House of Commons chosen by the
people became a power even greater
than the throne. The broad-winged
spirit of liberty did not find as grand
domain in England as it demanded
and many people sailing over the sea
built their homes at Plymouth,
Jamestown, and Baltimore. Even
there they were sought to be limited
in their boundless love for civil lib-
erty and justice, until resentment
and war with the mother country
made them independent after seven
years of poverty and struggle. This
little government which had laid
down the principle, that all just
government was founded on the con-
sent of the governed, did not attract
the attention of Europe, and was
believed to be a small affair with a
heterogeneous population of idling
political dreamers. As long as Eng-
land did not object to the growth of
the new republic it was considered
too insignificant for the serious
attention of other nations.

One hundred years of national
growth developed full manhood in the
new nation, and showed it strong and

compact enough to protect its integ-
rity against internal causes or dissen-
sions. It had proclaimed the gospel
of civil liberty to mankind and offered
its broad acres as a refuge and home
to all who wished free citizenship. It
had proclaimed the Monroe doctrine
and enforced it in favor of our neigh-
bor Mexico, by compelling France
and Austria to abandon their scheme
of conquest, and had reiterated and
stamped the everlasting seal of free-
dom of the western hemisphere
upon the statutes of nations. As
this spirit of civil liberty took on the
strength and form of a giant to
compel obedience to its mandates, it
awoke the jealousies, envy and burn-
ing anger in those to the manner
born in king craft, and they have
waited for a moment to strike and
destroy.

Feudalism ruled France 500 years
after the first blow for liberty had
been struck in England. Germany
has not been free since before the
Roman conquests, but has passed
through all the varying forms from
despotism to an occasional glimpse of
liberty. Today her constitution of
the empire is but a scintilla, with-
out power in the people. Switzerland
began her struggle for independence
over one hundred years after England
had shown the way, and struggled
against vast odds through the wars of
200 years before her freedom was ac-
knowledgeed,—while Russia is emerg-
ing from the Cimmerian darkness of
her black past, panoplied with un-
terrible despotism, which she seeks to
spread over other lands and people
by force of armies and navies.

These people, the lords of blood
and death, dressed in crimson and
black—the men who claim the divine
right to rule and lord it without re-
sponsibility over the people of the
world—have an antagonism to free
citizenship and the United States,
which is as unrelenting as a pesti-
lence. The long pent up hatred
which they bear us requires but a
spark to loosen the awful forces of
destruction at their command. The
existence of the United States as a
nation is a constant menace to the
permanency of their thrones, and at
the first auspicious moment when
they believe they may succeed, they
will attempt to stamp us from exist-
ence, and make our people feel the
weight of the heel of a Czar or
Emperor on their necks. Upon the
crowded heads of the continent
the word has been passed around,
"Carthago delenda est."

The expansion and growth of the
United States brings constantly to
their minds increasing dangers, until
in terror they almost see the hand-
writing as it appeared to Balshazzar.
They have listened to the seductive
pleadings of Spain with deepest sym-
pathy, but dared not act or strike.
They are now hearing Spain preach
the crusade of the Latin against the
Anglo-Saxon, but that does not move
them yet—does not unite them. But
the song of the Iberian in a lower
tone and deeper key of the eternal war
of feudal grandeur against free gov-
ernment—Kingscraft against Demo-
cracy—woos them and will shortly
win them to action.

This is the situation, and freedom
must make good her cry to down-
trodden humanity, or enter again
into the night of barbarism and ab-
solutism.

With free England—with Japan re-
born and reaching up and out to the
light, and the United States in a
combination, civilization and free-
dom will yet awaken and lighten the
darkest corners of the earth—while
bastilles, castles and all the habita-
tions and habitations of autocratic
power will perish from the earth, and
the last of the kings shall be laid
beside the dust of his ancestors and
kind. Just what trifling complica-
tion shall discharge the pent-up
wrath and hatred of the feudal lords
who assume divine right, may not
now be foretold, but that we shall
have to bear and uphold with faithful
allies, the banner and truths of free-
dom and civilization, cannot be ques-
tioned. To conquer Spain in this
war will be comparatively a small
matter to the duty of re-forming the
world and giving freedom to its peo-
ple. We shall have to meet the is-
sue, which has been one hundred
years in forming, as a part of our
contest with Spain. We cannot
avoid it, if we would—and we have
to meet it and conquer or sink into
significance. Who shall be the mas-
ter—the king or the people? What
shall be the rule—feudalism or free
government?

Deafness Cannot Cured

by local applications as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an
inflamed condition of the mucous lining of the
Eustachian tube. When the tube is inflamed,
you have a running sound or imperfect hear-
ing, and when it is entirely closed, Deafness
is the result, and unless the inflammation can
be taken out and this tube restored to its nor-
mal condition, hearing will be destroyed for-
ever; nine cases out of ten are caused by cat-
arrh, which is nothing but an inflamed condi-
tion of the mucous surface.

We will give one Hundred Dollars for any
case of Deafness (caused by catarrh) that
cannot be cured by Hall's Catarrh Cure. Send
for circulars free. F. J. CLEMENTS & CO.,

tism in limbs for two years. Suffering was
intense. One bottle of Munyon's Rheuma-
tism Cure cured me." Write to Munyon for
advice. He sent remedies that promptly
cured me.

Mrs. Charles Ebel, 1150 Sixth street, Mil-
waukee, Wis., says: "Have used Munyon's
Remedies for female trouble, colds, rheuma-
tism and catarrh. They always cure. I
keep a case in the house."

Rev. W. E. Morris, pastor M. E. Church,
Kirkwood, Mo., says: "Munyon's Headache
Cure cured my wife's chronic headache. I use
Munyon's Remedies with great success."

Mr. J. S. Warford, Coldwater, Mich., says:

Those who failed to attend the
lecture by Bishop Thomas U. Dudley
at the Episcopal church Tuesday
evening missed a very great treat.
Bishop Dudley is one of Kentucky's
brightest men, descending from two
such families as the Underwoods and
Dudleys, intellect is his natural in-
heritance; but when we add to this
a life of travel and study, the lecture
of last Tuesday is just what might
have been expected. The church
was crowded, as is always the case
when Bishop Dudley comes among us.

Miss Edna Speer, one of Chicago's
most attractive young ladies, will be
with us next week on a visit to her
cousin, Miss Mary K. Sowell. We
can without much risk prophecy a
pleasant visit for Miss Speer, as she
visits a home well known for its
delightful hospitalities.

The girls must put away their rust-
ling taffeta underskirts, for the San-
day's St. Louis Republic says: "The
woman of elegance no longer cares to
rustle aggressively and so she hangs
her beautiful black net or lace over a
gros grain or corsair silk. These
with the silken net, will create the
subdued rustle that is so suggestive
of rich linings and dainty petticoats.
The black nets and laces are quite as
fashionable as they were eight or ten
years ago. Even for young women,
they are much liked, particularly
when hung over colored skirts. As
first choice comes the net with che-
rille dot, and after that the one with
satin stripe. The satin-striped net is
really quite durable."

Master Cecil Lacy celebrated his

GOOD VAUDEVILLE.
Will Hereafter be on at LaBelle
Park.—Change on Monday.

Manager Bostwick has decided to
make a change in the troupe at La
Belle park, and the Robt. Sherman
company will be released Saturday
night, and vaudeville will be substi-
tuted. Only high class features will
be introduced, and the first week
some of the features will be Chas.
Diamond, the renowned harpist,
Albert Reynard, the celebrated ven-
triloquist, who has the most com-
plete outfit of any man in the busi-
ness, Esther sisters in acrobatic
features, and the society sketch term,
the Middleys. There will also be
other attractions, and the public is
assured a show that cannot fail to
please.

Yesterday's Commercial—Appeal
says: The vaudeville entertainment
given at East End Park last night,
under the management of C. T.
Taylor, was appreciated by the au-
dience present, judging from the ap-
plause given the artists as they
appeared on the stage. The song
and dance, with the golden harp
accompaniment of Charles Diamond,
was very enjoyable, and the Esther
sisters, in acrobatic song and dance,
made a great hit. The Middley's
society sketch artists: Annie Connors,
"Coco Shouter," and Reynard, ven-
triloquist, are all artists in their
several lines."

This entire troupe
of artists will be here, with several more
added, and every few days there will
be changes, new artists coming from
Memphis and Little Rock. This
change in plans is in accordance with
Mr. Taylor's first intentions. The
change is made with the assurance of
knowing that it will be to the advan-
tage of the public.

GOOD SHOWING.

Mr. S. C. Vaughan, who has been
traveling about the state for several
months in the interest of the A. O.
U. W., is back to spend the summer,
and reports much progress in the
order during the past year. There
are now several thousand members in
Kentucky, and last year the Ken-
tucky lodge won the \$2,000 offered
for the one thousand members se-
cured during the year.

In Paducah the increase has been
in proportion, and there are now two
thriving lodges of A. O. U. W. here.

DAY OF PRAYER.

Mrs. Wightman, president of our
board of missions, calls the societies
to observe tomorrow, Friday, the
27th, as a day of prayer fasting.
The woman's board will meet June
2, and it is earnestly desired that
the deliberations of that body may be
controlled by the Holy Spirit. The
Foreign Missionary society of the
Broadway M. E. church will observe
the day. At the hour of 4 we will
enter our closets. May blessings
follow each prayer.

THE PRESIDENT.

ICE CREAM SUPPLY.

There will be an ice cream supper
given by the Ladies' Aid society at
the corner of Third and Norton, next
Saturday night, May 28, for the
benefit of the Third street Methodist
church.

ALL DAY SERVICES.

There will be all-day church ser-
vices at the Reelard school house,
on the Benton road five miles from
the city, next Sunday. Everybody
invited to those services, and to
bring their dinners, as dinner will
be served on the grounds.

ON A VACATION.

Capt. J. S. Beatty, of the Illinois
Central transfer steamer Osborne,
left today for Cairo, to be absent a
day or two. Capt. Sam Johnson, of
the city, is in his place.

SEWERAGE WORKS.

The Main Sewer has been com-
pleted to Third and Court.

The sewer lateral on Court has
been started, and the trenches are
being dug out towards Fourth. The
Broadway sewer is past Fourth, and
last night the entire street was open
traffic for the first time in several
days, and cars ran all the way to the
river.

ARE CLEARING THE STREET.

The mayor yesterday served notice on the street car company to clear the street on West Broadway, where the track has been moved from the side to the center of the street. The dirt was left very high, and was not moved. President Wallace wrote mayor today that the dirt would be moved at once, and that the reason it had not been attended before was because of water being left in low places.

The exercises at Mount City will be the most memorable since the war. Several great speakers will be there. The Dick Fowler will leave Paducah at 7:30 a. m. sharp and will arrive home at 9 p. m. Fare for the round trip, 75 cents.

"Remember the Dick as well as the Maine."

ARE ALL PAUPERS.
There are six United States prisoners in the county jail, serving sentences imposed at the last term of the federal court. Deputy Marshal Le Rue is annoyed a great deal by notes from them, asking that they be allowed to take the insolvent debtors' oath. They cannot take it until some time in July, however, and hence the disappointment is great. Every one will take this oath as soon as possible, and they are fairly "itching" for the opportunity to do so.

Dr. Edwards, Ear, Eye, Nose and Throat Specialist, Paducah, Ky.

TO SAVE HIS NECK.
An effort is being made to have the sentence of Will Tutt, the negro wife murderer (to hang June 17), commuted to life imprisonment. It is claimed in a petition sent to the governor that Tutt did not have a fair trial. The people here will be surprised that such a statement is made, as it is generally conceded that he had as fair a trial as one could have, and that the sentence is a just one in every particular.—Mayfield Monitor.

DIED IN ARKANSAS.
News was yesterday afternoon received of the death of Mr. D. R. Gilbert at Little Rock, Ark., where he had lived for several years.

The deceased was a son of Mr. J. W. Gilbert, the well known tobacco man of Murray, and was a nephew of Attorney Jesse Gilbert, of this city. He was about 27 years old, and was married. He leaves quite a number of friends and relatives in Paducah.

CARS DERAILLED.
There was a derailment in the Union Depot yards at noon. The switch engine had a train of empty coal cars and when they were crossing the street two of the cars jumped the track and were wrecked. Several cars were thrown off, but there was little damage to the track.

MADE THE DIVE.
There was another good crowd at the park last night to attend the performance of the Robt. Sherman company. At the conclusion Prof. Lot to made his phenomenal dive from the top of an eighty-five foot ladder into a net, and was liberally applauded.

THEY ELOPED.
But They Were Outwitted By the Old Folks—Were Too Young.

Adventure of a Young Couple From Mechanicsburg Today. Quite a Romantic Affair.

There was considerable excitement at the wharf this morning about 8 o'clock. A young man and a young lady appeared and engaged rooms on the Dick Fowler for Metropolis. They walked about for a short while, but seemed to be uneasy, and finally a brother-in-law of the young lady went to the ferryboat and asked Capt. Owen if it would leave before the Fowler. He was told that it would, and the couple forthwith boarded it and got off at Brooklyn.

Soon after the ferryboat had gone, however, the young man's mother and aunt arrived on the scene, and learning that the couple had gone on to Brooklyn to catch the Fowler there, they took passage to Metropolis and were aboard when the couple got on at Brooklyn.

The young man was Roy Scott, of Mechanicsburg, and the girl Miss Della Wicks, of the same place. They eloped to elude parents. It was the second elopement of the young lady, according to reports, she having eloped with another young man some time since, but was intercepted by parents.

The young people, when they boarded the boat at Brooklyn, were no doubt surprised to see the old folks, and what then transpired is only a matter of conjecture. They went on to Metropolis, but were not married, according to a telegram from the Sun's correspondent there, who said the ceremony was not permitted to take place.

When the news of the elopement became known in Mechanicsburg there was more of a stir than had been perceptible in the peaceful little suburb for some time, on account of the young people being so well known. There have been several weddings in the family of the young lady recently.

The young man's relatives objected to his marriage because he is only 18 or 19 years of age, and his intended bride is about the same age. He is a son of Mr. Frank Scott, the machinist.

The young people were brought in this afternoon, being in charge of Officer Shoemaker, who went down on the Fowler. The county clerk at Metropolis had been notified by telegraph not to issue the license when they reached there.

POLICE COURT.
Albert McKinley Acquitted—Other Cases of Slight Interest.

The case against Albert McKinley, colored, charged with stealing \$11.50 from Ida Moss, colored, was this morning dismissed. There was no evidence to establish the guilt of the defendant, and he was released. He is a porter at the New Richmond.

There was a case against Lizzie Jones and Florence Dodd for fighting. They fell out over language one used towards the other, and both fought to a finish, and afterwards renewed the fight. They were fined \$5 and costs, and the Jones woman, who is in a delicate condition, will likely be released upon recommendation of the city physician.

A case against Mr. Courtney Long, charged with allowing his horse to run at large, was continued in order to get the evidence of the mayor, who was absent.

THOSE DIVERS CLUBS.
Vote Unusual Honor to Our Congressman Wheeler.

The Toothpick Shoe club, of Frazzled Edge, Crittenden county, the Diamond Shirt Stud club, of Cow Lick Creek, Livingston county, and the Catnip Tea club, of Smithland, held a joint meeting and resolved that our Adonis is first in war, first in peace and first in the hearts of his countrymen. A big parade was then given on Front street, in Smithland, after which the entire membership of four got in a canoe and went up the peaceful Cumberland. Smirk Smarten then took a Pullman sleeper to "Calcutta, sweetly dreaming of "My quinine, L. S. Such carrying out makes the opposition feel like hunting for cover.—Murray Ledger.

MRS. WILL HILLS DIES.
Sudden Summons of a Popular Lady.

Mrs. H. Will Hills, wife of the popular young dispatcher of the N. C. & St. L., died yesterday afternoon late at the Broadway infirmary of puerperal convulsions. She had been in ill health for some time, and her mother was with her when the summons came.

Mrs. Hills was formerly a Miss Thompson, of Michigan, and was a most estimable lady. She had been married about two years.

The funeral took place this morning from the residence, 228 North Eighth street, under the auspices of the Macabees, and the remains were shipped at noon to Metamora, Mich., for interment.

BEN WONT RUN.
That is the Latest About the Pop Nominee for Congress.

An intimate friend of Ben Keys, the populist nominee for congress from this district, is authority for the statement that he will not accept the nomination, and will in a few days notify the committee of his intentions.

As is no doubt remembered, he was nominated by the populists at Princeton a short time ago.

DIED IN ARKANSAS.
News was yesterday afternoon received of the death of Mr. D. R. Gilbert at Little Rock, Ark., where he had lived for several years.

The deceased was a son of Mr. J. W. Gilbert, the well known tobacco man of Murray, and was a nephew of Attorney Jesse Gilbert, of this city. He was about 27 years old, and was married. He leaves quite a number of friends and relatives in Paducah.

TO SAVE HIS NECK.
An effort is being made to have the sentence of Will Tutt, the negro wife murderer (to hang June 17), commuted to life imprisonment. It is claimed in a petition sent to the governor that Tutt did not have a fair trial. The people here will be surprised that such a statement is made, as it is generally conceded that he had as fair a trial as one could have, and that the sentence is a just one in every particular.—Mayfield Monitor.

THEY ELOPED.

But They Were Outwitted By the Old Folks—Were Too Young.

Adventure of a Young Couple From Mechanicsburg Today. Quite a Romantic Affair.

There was considerable excitement at the wharf this morning about 8 o'clock. A young man and a young lady appeared and engaged rooms on the Dick Fowler for Metropolis. They walked about for a short while, but seemed to be uneasy, and finally a brother-in-law of the young lady went to the ferryboat and asked Capt. Owen if it would leave before the Fowler. He was told that it would, and the couple forthwith boarded it and got off at Brooklyn.

Soon after the ferryboat had gone, however, the young man's mother and aunt arrived on the scene, and learning that the couple had gone on to Brooklyn to catch the Fowler there, they took passage to Metropolis and were aboard when the couple got on at Brooklyn.

The young man was Roy Scott, of Mechanicsburg, and the girl Miss Della Wicks, of the same place. They eloped to elude parents. It was the second elopement of the young lady, according to reports, she having eloped with another young man some time since, but was intercepted by parents.

The young people, when they boarded the boat at Brooklyn, were no doubt surprised to see the old folks, and what then transpired is only a matter of conjecture. They went on to Metropolis, but were not married, according to a telegram from the Sun's correspondent there, who said the ceremony was not permitted to take place.

When the news of the elopement became known in Mechanicsburg there was more of a stir than had been perceptible in the peaceful little suburb for some time, on account of the young people being so well known. There have been several weddings in the family of the young lady recently.

The young man's relatives objected to his marriage because he is only 18 or 19 years of age, and his intended bride is about the same age. He is a son of Mr. Frank Scott, the machinist.

The young people were brought in this afternoon, being in charge of Officer Shoemaker, who went down on the Fowler. The county clerk at Metropolis had been notified by telegraph not to issue the license when they reached there.

Albert McKinley Acquitted—Other Cases of Slight Interest.

The case against Albert McKinley, colored, charged with stealing \$11.50 from Ida Moss, colored, was this morning dismissed. There was no evidence to establish the guilt of the defendant, and he was released. He is a porter at the New Richmond.

There was a case against Lizzie Jones and Florence Dodd for fighting. They fell out over language one used towards the other, and both fought to a finish, and afterwards renewed the fight. They were fined \$5 and costs, and the Jones woman, who is in a delicate condition, will likely be released upon recommendation of the city physician.

A case against Mr. Courtney Long, charged with allowing his horse to run at large, was continued in order to get the evidence of the mayor, who was absent.

THOSE DIVERS CLUBS.
Vote Unusual Honor to Our Congressman Wheeler.

The Toothpick Shoe club, of Frazzled Edge, Crittenden county, the Diamond Shirt Stud club, of Cow Lick Creek, Livingston county, and the Catnip Tea club, of Smithland, held a joint meeting and resolved that our Adonis is first in war, first in peace and first in the hearts of his countrymen. A big parade was then given on Front street, in Smithland, after which the entire membership of four got in a canoe and went up the peaceful Cumberland. Smirk Smarten then took a Pullman sleeper to "Calcutta, sweetly dreaming of "My quinine, L. S. Such carrying out makes the opposition feel like hunting for cover.—Murray Ledger.

BEN WONT RUN.
That is the Latest About the Pop Nominee for Congress.

An intimate friend of Ben Keys, the populist nominee for congress from this district, is authority for the statement that he will not accept the nomination, and will in a few days notify the committee of his intentions.

As is no doubt remembered, he was nominated by the populists at Princeton a short time ago.
